Patrick Community & Partners in Learning,

Patrick Elementary is proud to be in your community. We have no doubt that we will make you proud! We appreciate your support as we build our community of learners. A great way to learn about our school is to visit our website through Gwinnett Public Schools at <http://www.gwinnett.k12.ga.us/>.

Attached is our partnership plan and agreement. We truly want our partnership to be mutually beneficial. Please review the document and call me for an appointment. We look forward to many long and devoted partnerships. Thanks for your interest in Patrick Elementary. We greatly value our connection in the business community.

Sincerely,

Margaret Ackerman
Principal
