

Patrick Elementary School Family and Business Partnership Program

Patrick Elementary School will open its doors to over 850 students. We will open with a science lab. Many schools do not have this experience so we excited to be able to offer this to our students. Our teachers will have many new and exciting ways to teach our children. But what about instructional needs of teachers that cannot be funded by the PTA? How do we fund these special focus projects to continue to enhance our students' educational experience?

We need you to help us by becoming a Friend of Patrick or a Business Partner of Patrick Elementary. We need your time, your talents and your financial support to bring additional opportunities into the classroom and into our specials program. Below is a "wish list" of items that would benefit teaching and learning at Patrick.

Project Needs (just to name a few)
